Buckets

Store, transport, mix and clean products of any type with award-winning Vikan buckets and lids.
Hygienic, ergonomically designed and stackable, these bucket systems are remarkably versatile and easy to work with.

- Hygienically designed buckets hold 6, 12 or 20 L.
- Strong and durable with stainless-steel handles.
- Temperature and chemical resistant.
- Available in a range of food contact compliant colours.
- Ergonomically designed.
- Feature easy-to-read measures.

Squeegees

Effectively remove both liquids and debris with Vikan's pioneering range of squeegees. Choose from,

- Floor and hand squeegees – featuring high density foam blades and easy to replace blade cassettes. Highly efficient at removing liquids from surfaces, and cost effective. Available in fixed and swivel necked, hand held and floor cleaning options and with easy to remove cassettes.
- Hygienic squeegees – featuring twin rubber blades in an easy to remove cassette for hygienic cleaning and maintenance. These squeegees are heat and chemical resistant and highly efficient at removing liquids and semi solids from surfaces. Available in fixed and swivel necked, hand held and floor cleaning options.
- Ultra-Hygienic squeegees – featuring a fully moulded, hygienically designed single flexible blade. Designed for use in areas where hygiene is critical but effective at removing liquids, semi-solids and loose dry material from any surface, anywhere. Floor and hand-held versions are available in up to 12 different colours.
- Condensation squeegee - specifically designed to remove condensation from ceilings and overhead pipework. Condensate can be drained safely to the floor drain, via the hollow handle and a hose, or collected in a bottle that fits easily and securely on to the waterfed handle.
- Vikan also has a comprehensive range of squeegees designed specifically for vehicle cleaning.

Scrapers

Scrape any surface free of stubborn debris with our extensive range of effective scrapers. Available with steel, flexible polypropylene blades, and temperature resistant nylon.

These scrapers remove sticky, oily, baked on, dried and other debris from work surfaces, conveyor belts, floors, tables, cookers, hard-toreach areas and even curved equipment.

- Stainless steel scrapers are great for removing stubborn debris from tough surfaces, like tiles, and hot and cold surfaces. They come in a range of blade sizes, to facilitate everything from work surface to floor cleaning, and can be fitted to any Vikan handle to provide the length required.
- Plastic scrapers can be used on surfaces where a stainless steel blade might damage the surface being scraped. They are available in a range of colours, and come in handheld and threaded handle versions for extendibility.
- Nylon scrapers allow the scraping of very hot and very cold surfaces.
- Flexible plastic scrapers are available in metal detectable versions.
- Paddles scrapers are available in nylon and polyethylene.

Handles

Every head needs a handle and at Vikan our range of handles is nearly as comprehensive as the heads they are designed to fit on to. Whether you need a plastic, stainless steel, aluminium or wooden handle, or one that's hygienically designed, short, long, telescopic, water-fed, or colour-coded, we are sure to have one that suits your needs.

- Ultra Hygienic handles, primarily designed for use with the Colour-coded product range, are available in a range of colours, and lengths, are fully moulded and easy to clean. The Ultra Hygienic handles compliment the UST broom range and Ultra Hygiene squeegees perfectly.
- The Ultra Hygienic Mini handles are ideal for use with any hand held Vikan product.
- The lightweight, ergonomically designed aluminium handles minimise the risk of occupational injury and the water-fed versions feature quick-release hose connections and insulated sleeves for a comfortable grip. Suitable for use with our Colour-coded, Microfibre and Transport product ranges.
- The ridged stainless steel handles are strong, durable, chemical resistant and suitable for use with our Colour-coded products.
- The flexible stainless-steel and nylon handles mounted on our twisted wire brush heads facilitate cleaning of curved pipework.
- Telescopic handles enable cleaning at height of remote surfaces more easily and effectively.
- Vikan's top adjustable handle, featuring a button on the handle head that allows quick and easy adjustment of the handle length, is uniquely designed for use with our Microfibre product range.
- Our traditional high quality wooden handle range are exclusively designed for use with our Classic range of products.

Scouring pads and holders

Vikan scouring pads and holders are suitable for a wide range of industries and specific applications. Our scouring pads are highly effective and durable. Vikan handheld and extendable pad holders come in a range of sizes and colours and feature a secure locking system that keeps the pad firmly in place.

We also offer wash fleece products for selected applications.

- Scouring pads are effective and long-lasting.
- Pads available in colour-coded varieties: white for soft, blue for medium and brown for hard.
- Pad holder features locking system that keeps the scouring pad in place.
- Wash fleece and holder options.

Foaming equipment

At Vikan, we offer foaming equipment for use on different surfaces in a variety of industries. Versatile, effective and with minimal generation of aerosols, these tools are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. They work purely with the pressure from your water supply system.

- Sprayers feature functional design with continually variable water supply.
- Ergonomically designed.
- Foam is applied without generating aerosols.
- Colour coding facilitates chemical identification.

Water guns & hoses

We offer water guns and hoses for use in a variety of industries and applications. Versatile and effective, our water guns are used to clean everything from food service areas to changing rooms at sports facilities and even swimming pools. Our hoses are designed for use with hot or cold water, and come in ½" couplings and various lengths.

- Gun sprayers feature functional design with continually variable water pressure.
- Water guns available with angled jets to hit hard-to-reach places.
- Cold water hoses can be used with water up to 40 degrees Celsius.
- Hot water hoses are designed for use with water up to 70 degrees Celsius.
